

ON-DEMAND CHEMISTRY

- Generate disinfection chemicals on-site, on-demand
- Achieve higher efficacy with MIOX technology
- Environmentally friendly at lower cost

TECHNOLOGY LEADER

MIOX has invested more than 18 years in research and development to provide the most cutting edge on-site generation technologies and chemistries. MIOX continues to set high standards by bringing customers innovative products and customized chemistries.

The MIOX logo is a blue teardrop shape with the word 'MIOX' in white, bold, sans-serif font inside. It is positioned in the bottom left corner of the slide.

MIOX PRODUCT GUIDE

Our line of on-site generators are available in specific chemistries and can be scaled to meet any challenge.

- HYP0
- MOS
- IAO
- EQUAT

RIO ZUNI

1 LB/DAY

10,000 GALLONS/DAY

AE SERIES

VAULT

RIO

RIO GRANDE

3,000+ LBS/DAY

100,000,000+ GALLONS/DAY

FROM 1 → 3,000+ LBS/DAY PER GENERATOR

FROM 10,000 → 100M+ GALLONS/DAY PER GENERATOR

RELIABILITY

- Patented self-cleaning cells
- Automated controls

COST

- Dramatically reduce transported chemicals
- Replace complex chemical programs

SUPERIOR MICROBIOLOGICAL CONTROL

- Cryptosporidiosis
- Legionellosis
- Algae

ENVIRONMENTALLY FRIENDLY

80% 
REDUCTION IN
CARBON FOOTPRINT

On-site generation reduces chemical transportation to your facility which saves you money while you do your part to save the planet.

LOWEST COST HIGH PERFORMANCE

We are the lowest cost chemistry. Period.

- **LOWEST COST VS. BULK CHEMICAL**
- **IMPROVE EFFICIENCY**
- **REDUCE OPERATING COSTS**
- **SAVE MONEY**
